

# JAPANESE

"Karaoke was held in the Japanese classroom. Many students enjoyed it and were delighted to sing. Ms Urban wasn't embarrassed to have a go and she was really good at it. It was a great day and I hope you will in next year!!"

"Over this whole year our Japanese class learned many things about the Japanese lifestyle and many Japanese words. We learned about pets, colours, numbers, weekend activities, with also many other things and hiranga. And some advanced students extended their knowledge by learning the Katakana. The class has experienced karaoke and sushi tasting, together. Overall, our Japanese class is lots of fun and great to have."

"Japanese is a very fun subject and language to learn. Students this year were very encouraged to learn this language and also enjoyed the company of international student, Risa, from Japan! After this I would like to go to Japan for a holiday, and I also encourage everyone to take up this subject because you will enjoy every minute of it
